

## English II Freaky Horror Story Vocabulary List 6 Practice

Name: \_\_\_\_\_

A young boy is sleeping in his bed on a usual night. He has good parents who \_\_\_\_\_ him and take care of his needs. They are very \_\_\_\_\_, so money is not a problem for them. He also feels very safe and secure, as his father has a state of the art security system. So when he hears footsteps outside his door, and peeks out of his eyes to see what is happening, all he expects to see are his parents checking in on him. Imagine his \_\_\_\_\_ when the door swings open to reveal a murderer carrying the corpses of his parents. After silently propping them up on a chair, he makes an \_\_\_\_\_ show of writing something on the wall in the blood of the dead bodies. It is a \_\_\_\_\_ scene. I will spare you the \_\_\_\_\_ details. He then hides under the child's bed.

The child is scared beyond belief. He can't read the writing on the wall and he knows the man is under his bed. Like any child, he pretends that he is still asleep and struggles not to gag on the \_\_\_\_\_ smell of the bloody bodies. Thoughts of \_\_\_\_\_ his parents quickly disappear. He \_\_\_\_\_ for a while and decides his best bet is to lie as still as the bodies, quietly hearing the breathes from under his bed.

An hour passes, the intensity is practically \_\_\_\_\_. His eyes are adjusting more and more to the darkness. He tries to make out the words, but it's a struggle. He gasps. His \_\_\_\_\_ didn't work. The sentence reads, "I know you're awake." He feels something shift underneath his bed.
